LUNCHTIME MOVIES

It's summertime and "Lunchtime Movies" are back again at the Morton Grove Public Library! This popular film series will begin on Tues., June 2 at 11:30 A.M. and will continue on Tuesdays throughout the summer.

In addition, the films will be repeated at 7:30 P.M. every Tuesday to accommodate those who cannot come during the day. Coffee will not be available at the 7:30 showing, but it will be served at 11:30 A.M. The films will cover a variety of subjects: travel, sports, the arts, history, hobbies, and interesting people.

A weekly list of the films to be shown will be available at the Library, and we hope that you will join us every Tuesday for a relaxing time at "Lunchtime Movies."

ART EXHIBITS

Summer art exhibits at the Library will feature paintings and drawings by Morton Grove children and oil paintings by Margo Jacobs.

The winners of the 8th Annual Children's Art Contest, ending on June 1, will have their pictures displayed in the Baxter Room from June 20 to July 31.

During the month of August, Margo Jacobs will exhibit her oil paintings. Mrs. Jacobs, a Morton Grove resident, was born in Germany and never received any formal art education, but taught herself to paint. She now teaches oil painting at the Morton Grove Park District.

ANTIQUES

Fascination with antiques and collectibles is at an all-time high. To help you hunt more successfully for your favorite antiques, the Library will present "Collectibles: Help in Your Hunt", featuring Mrs. Betty Bushnell, professional antique appraiser and lecturer, on Thursday, June 18 at 7:30 P.M.

Mrs. Bushnell is a partner in "Ladies Three", a group of professional house sale conductors on the North Shore, and has been a frequent lecturer at historical societies, collector's groups and on Chicago radio. She invites you to bring a small article for evaluation or authentication, and bring a friend!

If you want to know where to find tomorrow's treasures and how the antique market works, this is one program you won't want to miss.

CHILDREN'S READING PROGRAM

FROM THE LIBRARIAN'S DESK . . . . . .

The Library has just completed a satisfying year of service to the community and I would like to share with you some of our significant achievements. We now have a collection of 104,524 books, 3,911 records, 550 audiocassettes, 27 videocassettes, 105 8mm. films, 63 framed art prints and 263 games and puzzles for children, as well as a fine pamphlet file and a picture file in the Children's Room.

The circulation of these materials reached a new high in 1980-81. It came to 218,683, which translates into 8.3 items per capita or 17.9 items per registered borrower, of which there were 12,244. Although the juvenile population is dropping in Morton Grove, as it is elsewhere, the juvenile circulation of 69,835 accounted for 32% of all circulation. 28 blind and physically handicapped patrons borrowed 1,557 recorded books and were certainly among our best readers.

The Reference Department fielded 18,364 requests for information. This was a 76% increase over the previous year, which we think reflects the community's growing awareness of the service we give, of the quality of our staff and of the reference collection.s This is a service of which we are particularly proud.

Our programming this year attracted audiences totaling 13,132, an increase of 3,000 from a year ago. Some of the credit for this must go to our fine, new Baxter Room which provides comfortable seating and excellent sightlines.

There are many more aspects to our year of service for which space here does not allow. Anyone who wishes to learn more will find copies of the Annual Narrative Report at various desks in the Library. We encourage you to read it.

HEALTH PROGRAMS

The Morton Grove Health Dept. will present several excellent health programs at the Library throughout the summer, both in the evenings and during the day.

A new series of programs, particularly valuable for young mothers, will be presented during Story Hour time in the Library. On Wed., June 10 and Thurs., June 11 at 10 A.M., an anti-smoking film will be shown called, "Let's Call It Quits."

The series will conclude with a program on Monday, August 24 at 7:30 with subject to be announced.

Please join us and find out more about maintaining your good health!

GENEALOGY WORKSHOP

Alex Haley once said, "In all of us there is a hunger, marrow-deep, to know our heritage".

To help you research your family heritage, the Library will present a Genealogical Workshop on Wednesday, July 15 at 10 A.M. and on Thursday, July 16 at 7:30 P.M.

The workshop will cover basic genealogy and will be conducted by Paul Feil, Head of Adult Services. He will discuss the use of genealogical resources in the Library itself and microform census materials which can be ordered through the Library. The sessions will be held in our new Local History Room.

Morton Grove Library has historical sources, perhaps unknown to many who are trying to search out their family history. Come to either the morning or evening workshop and learn what your library has to offer you in your "hunt for your heritage."

COIN COLLECTING

Coin collecting has always been a popular hobby; however, in these inflationary times, the interest in numismatics has increased.

Morton Grove boasts a Coin Club and its members will present a program on "Coin Collecting" on Monday, July 6 at 7:30 P.M.

The speaker will be Sal Genualdi and club members will answer questions and give personal advice to individuals who may have coin collections. It promises to be an interesting, informative evening, so join us!

VIDEOCASSETTES

Did you know that the Morton Grove Library has its own collection of videocassettes which may be checked out on a library card immediately?

There is no waiting for popular films like "The Sound of Music", "The Muppet Movie", "The Godfather" and 24 other titles. The videocassettes are in VHS form, may be borrowed for 3 days at a cost of only $1.00, and they may not be reserved or renewed.

The Library recognizes the great demand for videocassettes and will add to its collection as the budget permits. Videocassettes may still be ordered from the large collection of the North Suburban Library System, but there is a waiting period for those films.
